

## POSITION DESCRIPTION

TITLE: SHIP BRIDGE SIMULATOR SUPERVISOR

CONDITIONS: PART TIME

RESPONSIBLE TO: EDUCATION OFFICER

RESPONSIBLE FOR: SUPERVISING THE OPERATION OF THE BRIDGE SIMULATOR  
DURING ITS OPENING HOURS

RENUMERATION: BY NEGOTIATION

### POSITION OBJECTIVE

The objective of this position is to supervise the operation of the Museum's ship bridge simulator, a facility which provides a simulated experience to visitors to steer a variety of ships and learn the various roles of seafarers in a 'sea journey'.

### POSITION RESPONSIBILITIES

1. To utilize a 180-degree learning environment for instructing visitors and/or students during the course of experiences in simulated high-risk shipboard scenarios.
2. To communicate with visitors in a jovial yet professional manner ensuring that they learn some knowledge about the bridge of a ship.
3. To supervisor the performances of student helpers.
4. To evaluate existing courseware to ensure it is suitable for assisting students in the transfer of knowledge from trainers to learners
5. To create competency-based learning scenarios that align with overall mariners training goals

## QUALIFICATIONS AND EXPERIENCES

### Essential Skills and Experience:

- To possess related formal qualification as a professional seafarer
- To have deep understanding of navigation, seamanship, and ship handling
- To be able to implement adult learning theory into courseware and supplemental training materials
- To be capable of experience assessing, evaluating, and coaching others
- To have previous experience as a trainer or instructor.
